#### **SUMMARY OF THE REASONS FOR DECISION:**

The DVD entitled *Bi Wet* is classified as:  
Objectionable.

This classification is due to the fact that the publication promotes and supports the exploitation of young persons for sexual purposes.

The publication is a DVD containing a feature, five trailers and other components including still photographs of scenes from the feature. The publication is entirely concerned with explicit depictions of sexual activity. Both the feature and several trailers present images of participants who present as young persons engaging in sexual activity. Their youth is emphasised by the use of costumes, hairstyles and setting. These elements have the effect of presenting young persons as desirable sexual partners.

The classification of this publication interferes with the freedom of expression, but this is an outcome that is consistent with Parliament's intention that publications falling under s3(2) are deemed to be objectionable. The classification is also a reasonable limitation on the freedom of expression that reflects the concern of "a free and democratic society" to limit the availability of publications that promote and support the exploitation of young persons for sexual purposes.
